Quality Promise

To ensure high quality standards, our products are evaluated throughout the manufacturing process.

An ISO 9001: 2008 Company

Made from High Density Polypropylene film.

HIGH STRENGTH PP (FLOATING)
MANUFACTURED ACCORDING
TO EN ISO 10572

			Breaking Strength (Kgf)

KOHINOOR 3 STRAND PP INDUSTRIAL ROPES
IS 5175 – 2015

Manufactured to IS 5175 Standards, Kohinoor 3 Strand PP IR Ropes are designed for multiple industrial applications. Kohinoor IR ropes deliver in the most trying conditions and handle heavy loads in manufacturing and transmission sectors.

Features

- Made from High Density Polypropylene split film.
- Resistance to rot, mildew and marine organisms.
- Unaffected by acids and alkalies.
- Light weight.
- Controlled elongation.

CARGO NETS

Made From Polypropylene Fiber

Rope Cargo Nets are used to load and unload cargo. Corners of a cargo net are drawn around the load and gathered at an appropriate point to ensure secure and balanced lifting. These nets can be used for a variety of lifting applications.

to ISO 10572:2009

Benefit of Protech BOB

Compact as nylon BOB.
Protech is bad conductor of electricity
Does not absorb moisture.
Controlled Elongation.
Excellent Shock Absorption.

Feature:

- High Breaking strength
- Abrasion Resistance
- Floating
- UV Stabilized
- Remain Same strength when wet
- Low Stretch
